March 12, 2020

Community Members,

The safety and health of our community, including our victims, survivors, and dedicated staff, is always of the utmost importance to C.A.R.E. As such, we are taking the concerns associated with the novel coronavirus (COVID-19) very seriously and are closely monitoring this rapidly evolving situation.

We are following the advice of the Centers for Disease Control (CDC) and want to keep you informed on the immediate steps we are taking to help prevent the spread of the virus. We are encouraging everyone involved in our offices and ReUse to follow the personal hygiene recommendations made by the CDC, and we are continuing our cleaning practices in our offices and stores to support a healthy and safe environment.

We will continue to actively review the direction provided by the CDC as well as Charlotte County Health Department, and will update you on the actions we are taking.

We welcome you to continue to engage with us through our website, social channels and 24/7 Hotline.

Karen McElhane
Executive Director
